City Light series

## ► EVER STEP

当我们设计Citylight的时候，其设计灵感来源与夜幕下的光影满天的城市. 基于相同的设计理念，Citylight以建筑灯光色彩为设计视角，在硬挺的道路上投影出长长短短的效果，若影若现, 红色，黄色，-----颜色千变万化.

When we design Citylight, the inspiration for the design is full of night lights.City of the day. Based on the same design concept, Citylight is designed with architectural lighting colors.From the angle of projection effect, long short in the back on the road, looming, red,Yellow --- the kaleidoscope of colours

▶ EVER STEP ▶

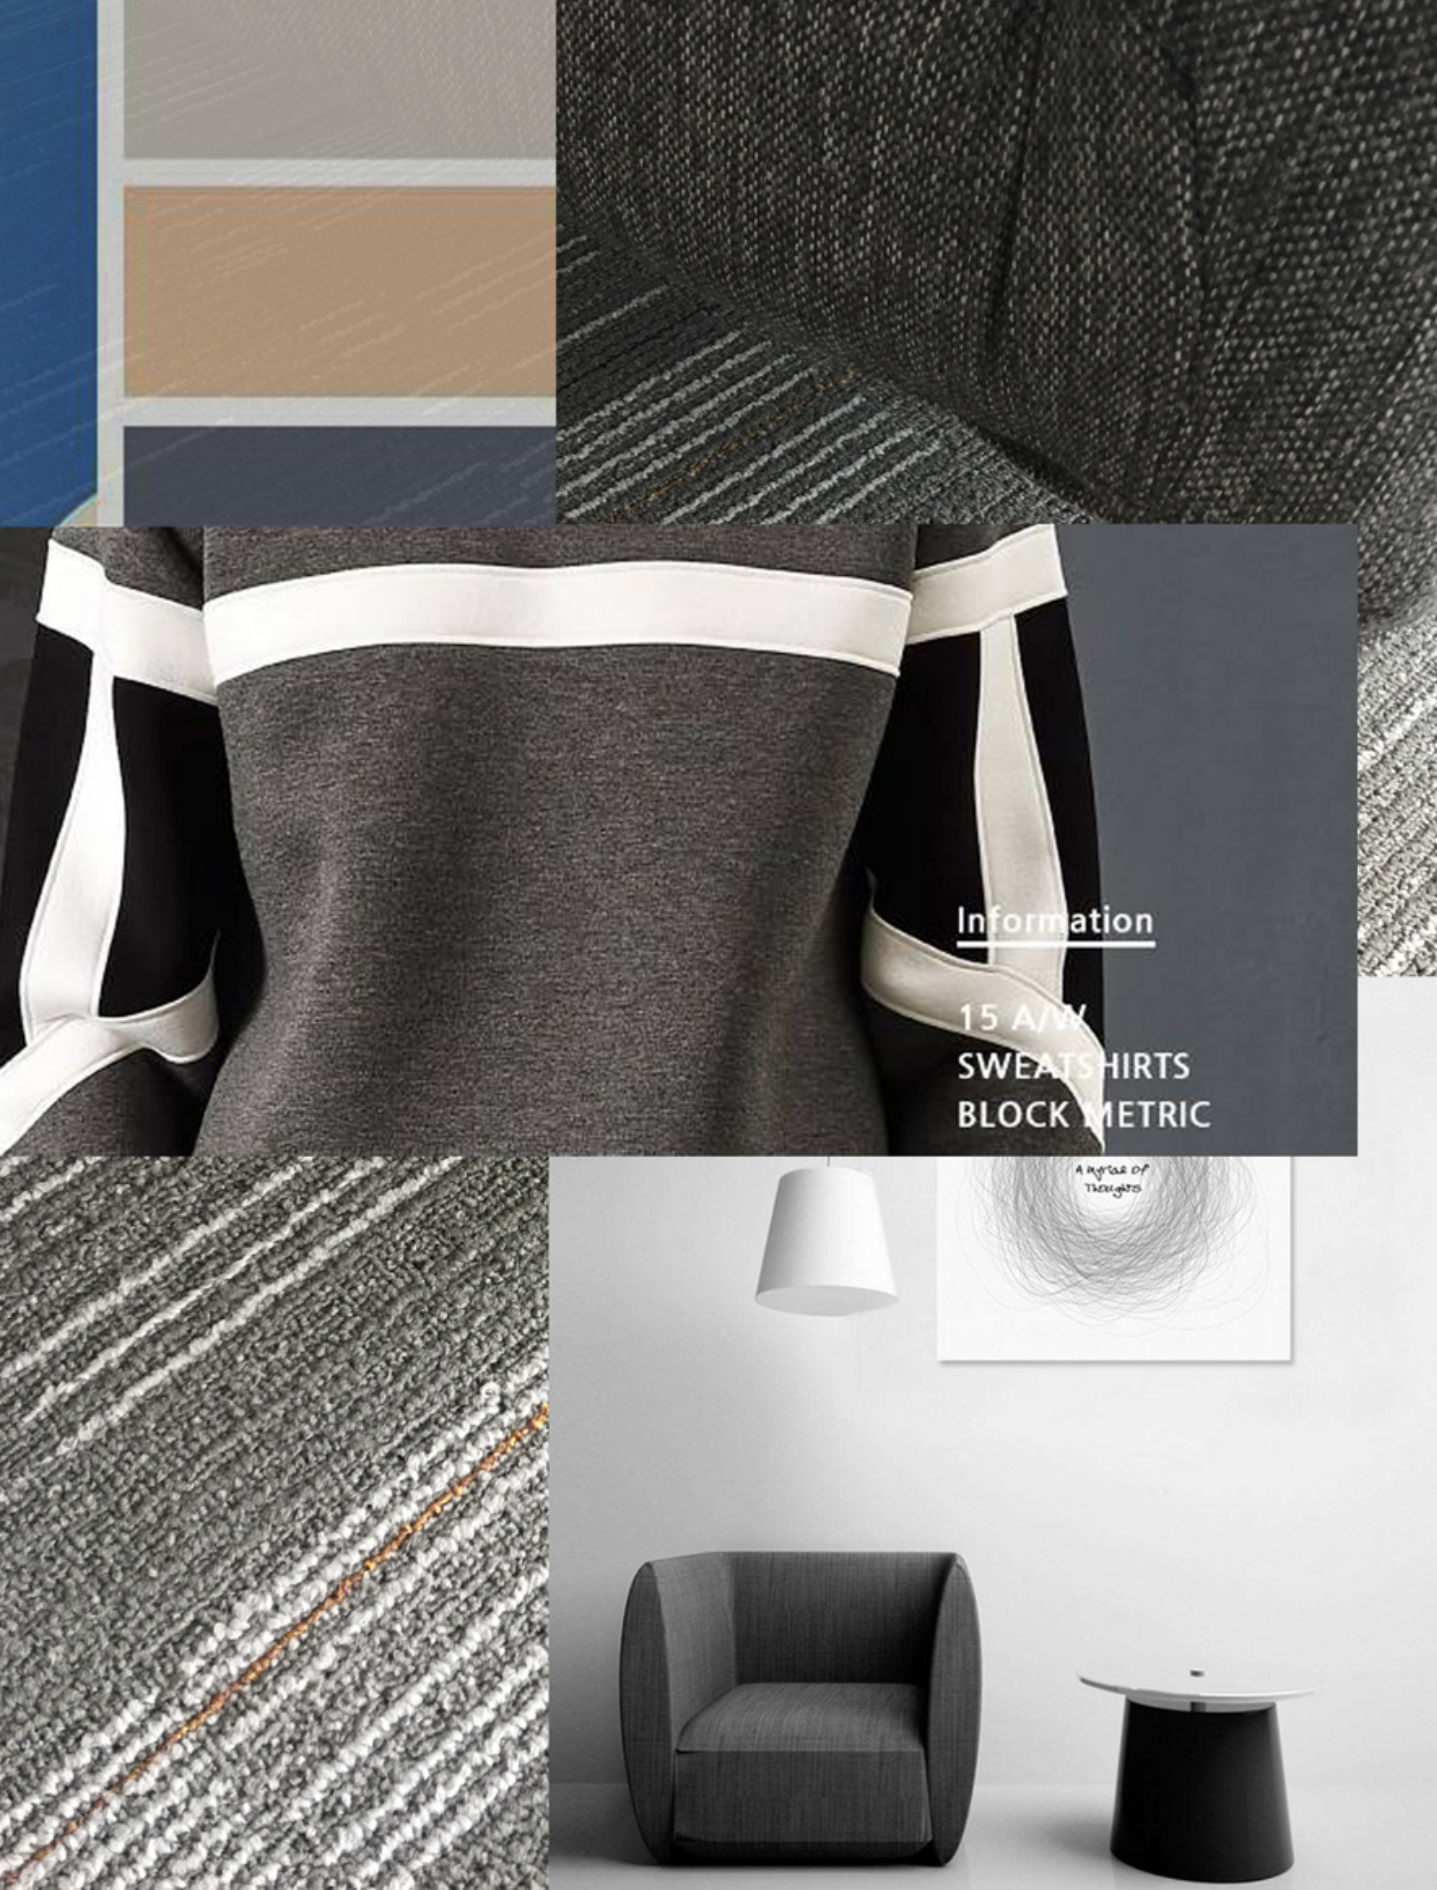

**First**, turn on the lights for precautions Gradually,  
when we start showing off how safe we are But become a  
threat on the road In fact, the real security **Besides** protecting  
myself Also give the sense of security to those who travel  
with one another No noise, no sound.

一开始，开灯是为了防备万一  
渐渐地，当我们开始炫耀我们有多安全  
却成为马路上的威胁  
其实，真正的安全  
除了保护自己  
也要将安全感，给予一路同行的人  
不喧哗，自有声
